

Gage Construction offers comprehensive residential building services, so you can relax and be sure that all of the details on your project will be professionally managed and completed. Our services include:

- Complete design services driven by your expectations and budget – from initial concept to paint color and furnishings. From a small kitchen makeover to a large addition, we do it all.
- Blueprint drawings ready for permitting and building.
- Complete building services, from initial site work and demolition through final touches.
- Expert assistance in the selection and sourcing of all finish materials, fittings and fixtures.

Gage Construction is committed to providing superior service in all aspects of our business, and top value for your dollar. But don't take our word for it - ***please ask to speak to our customers!***

Gage Construction was founded in Trenton, NJ in 1955, and has been a residential remodeling and renovation company since its inception. The company moved its offices to Yardley, PA in 1986.
